## CATALOGUE

RESIST RUST PROOF WAX.

**J. J. BELL CO., DEPOSIT, for Climbing**

**We Grow Seeds,** several hundred varieties. Few seedmen in large cities grow any; they depend on buying what they can get and getting it as cheap as they can. By buying of the grower you get better seeds and get them cheaper.

**The Best** is none too good. We offer the best in everything. We make quality and variety the paramount consideration. The day is past for people to try to save a few cents by getting a cheaper grade, yet we sell the highest grade of choice seeds at prices below the "old war prices" which most seedmen still ask.

**We Mail** postpaid, all seeds in catalogue at prices attached, unless it says by express or freight. When sent by express or freight, customers pay the charges for transportation.

**Remittances** must accompany all orders. Postage stamps taken same as cash in small amounts. Send larger amounts by money order when possible. We will pay for the money order, that is you deduct the cost of the money order from the amount sent.

**Promptness.** Last season nearly every order for seeds was filled the same day it was received. We are better prepared than ever in our

new seed house to get everything out quick. We have the earliest and best seeds for sale as many extras as any one.

**Canada.** Our friends in Canada will please add 15c a quart, 4c for 1/2 pint and 8c per pound for postage as it costs this extra. Packages, ounces and quarter pounds mailed at catalogue prices. Send silver dimes, if possible for small amounts instead of Canada stamps.

**Number** of seeds in packages are given so you know what you will get.

**Errors** should we make any, we will gladly correct the same.

**Warranting.** We warrant our seeds to grow to the extent only that we will replace free any which fail to grow or prove to be different sorts from what we recommend them to be. You must however give them a good chance. We guarantee that you will receive what you order also, and if lost in the mail we replace it free.

**Be Sure** that your address is all on the order and plainly written.

We have every facility for handling **Good Seed Cheap, Filling Orders Promptly and Pleasing Customers.** Give us a trial even if the order is small.

Worth \$2.00. Our Price, 50 Cents, by Mail.

### SEVEN GRAND NEW HARDY ROSES,

The Best Lot Ever Offered. All Should Have These Combining All the Good Qualities.

Price: 15 cents each; 3 for 38 cents; 7 for 75 cents.

**Caroline Marneuse.** Hardy rose always in bloom and has no superior for a bedding rose, as there is scarcely a time during summer when it is not loaded with bloom. Blossoms medium size, full and double, borne in clusters, and of a pure white tinted pink color with a delicious tea fragrance. The bush is a low compact grower, scarcely ever exceeding two feet high and very hardy.

**Clio.** Flesh color, one of the finest of roses, the texture and coloring is the most delicate imaginable. A beautiful globular form and strikingly large flowers, often six inches across, a vigorous grower and very hardy, producing those grand globular flowers throughout the summer.

**Empress of China.** Climbing, a valuable perpetual bloomer, commencing to flower in May and under favorable circumstances blooms continuous till late in fall; color in bud a dark red, changing to a brighter apple blossom pink in older flowers.

**Helen Keller.** A hardy rose with points to constitute sterling worth, color a brilliant rosy cerise, very beautiful and different from any other. Petals large shell shaped and rolling back from center of flower. Blossoms large, full and fragrant; vigorous grower, free bloomer, one of the first to expand its blossoms and continues to flower till late in fall, one of the best ever introduced and has won nine first-class certificate in England.

**Margaret Dickinson.** Color a beautiful waxy white, a lovely shiny white with almost the lustre of a pearl, petals large well shaped and of great substance; buds large, globular and handsome; leaves a beautiful dark green,

making a large symmetrical grower, fragrant and very hardy. **Miss Lorne.** This lovely new rose is one of the few that blooms constantly and is entirely hardy. It produces blossoms throughout the summer when large roses are scarce. The flowers are pink tinted with pale flesh with white at base of petals; flower of perfect imbricated form and freely produced till late in fall; petals prettily cupped and pointed, and the silver lustre on the reverse makes the flowers glow in the sunshine.

### SOUPERT COLLECTION.

These are the best hardy bedding roses in cultivation. The large handsome flowers are produced in such profusion as to make a bed one dazzling mass of bloom. Try them.

**Mosella or Yellow Soupert.** Dwarf growing, free flowering, clusters of double ball shaped blossoms; buds very pretty, light yellow.

**Clothilde Soupert.** The famous pot and bedding rose, charming color, shading from pearly white to purest rose, very double and fragrant; free bloomer and vigorous.

**Pink Soupert.** Bright new rose color, very double and produces its clusters of early bloom in great abundance.

**SPECIAL.** We will mail one each of above, 3 Grand Soupert Roses for only 29 cents. We want everybody to order it.

### THE FOUR GRACES.

#### Four New Ramblers. Best Climbing Roses.

**Crimson Rambler.** The most popular and probably the best climbing rose ever introduced; no one sees it in bloom without wanting it, plants literally covered from top to bottom with massive clusters of beautiful crimson flowers, thousands of them on one plant.

**Yellow Rambler.** The only hardy yellow climbing rose; color, a clear decided yellow, changing when the flowers become old to a creamy yellow; flowers moderate size and borne in clusters of from 100 to 150 blossoms each; while it is considered perfectly hardy it is better if slightly protected in cold localities. A great acquisition and should have a large sale.

**Pink Rambler.** A grand new climber of a clear pink color with numerous golden anthers, vigorous grower and free bloomer.

**White Rambler.** Pure clear white, otherwise similar to Yellow Rambler. The above grand hardy climbing Rambler Roses, 18 cents each; 2 for 30 cents. The 4 for 50 cents mailed postpaid. (Extra large bushes of above ready for blooming, by express, 35 cents each.

### LORD PENZANCE NEW SWEET BRIARS.

Apart from their great beauty, these are most interesting being crosses between Sweet Briars and Garden Roses; foliage deliciously scented; flowers of the most beautiful tints and produced in great profusion, very hardy and robust throwing up shoots, 12 to 15 feet high, which are loaded with delicate flowers.

Prices in shades of red, pink and white, 15 cents each; 3 for 38 cents.

### THREE BEST HARDY MOSS ROSES.

## CELERY.

**Improved Golden Self Blanching.** Pronounced by all the best early sort in cultivation. Unlike other self-blanching sorts this is a perfect keeper, fully equaling in this respect some sorts whose only merits are good keeping qualities. It is entirely self-blanching without any banking or covering except to bring the earth slightly around it. With this little care it assumes a light yellow or almost white appearance, with a beautiful crisp yellow heart. The stalks grow vigorously with large, thickly set ribs of handsome and uniform size. Very robust grower of unequalled appearance in the market or on the table.  $\frac{1}{4}$  oz. 8c.,  $\frac{1}{2}$  oz. 15c., 1 oz. 25c.,  $\frac{1}{4}$  lb. 80c.

**Improved Giant Pascal.** Larger than the preceding, being an extra large sort for late planting of a fine nutty flavor and free from all bitter taste; grows about two feet high, broad, thick and crisp, bleaches easily and in four or five days has a golden yellow heart, as a keeper is unexcelled.  $\frac{1}{4}$  oz. 10c., oz. 18c.,  $\frac{1}{4}$  lb. 60c.

**Improved White Plume.** A popular self-blanching sort, early, crisp and of a rich flavor.  $\frac{1}{4}$  oz., 8c., 1 oz. 15c.,  $\frac{1}{4}$  lb. 40c.

**Celeriac or Turnip Rooted.** Grown for its large roots. 1 oz. 10c.

## SWEET OR SUGAR CORN,

**Extra Early Cory.** The earliest, comes into market a week ahead of other extra early sorts, handsome, sweet and good producer.  $\frac{1}{2}$  pt. 9c., qt. 28c. By express, qt. 12c., peck 75c.

**Early Maple Sugar.** A deliciously sweet, pure white corn, as early as Cory and better color, a week earlier than most early corns. Try this for an extra early.  $\frac{1}{2}$  pt. 12c., qt. 30c. Qt. by express 15c., peck 85c.

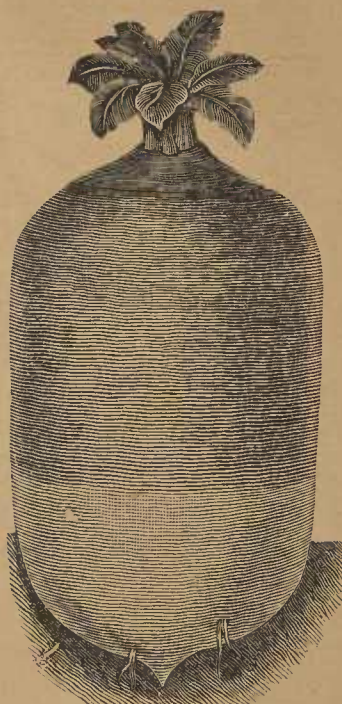

**Shakers Early.** Large, well-filled ears, kernels pearly white and extra flavored, productive and early.  $\frac{1}{2}$  pt. 10c., qt. 30c. By express, qt. 12c., peck 70c.

**Early Minnesota.** A valuable early to follow Cory and Maple Sugar,  $\frac{1}{2}$  pt. 9c., qt. 28c. By express, qt. 12c., peck 65c.

**Perry's Hybrid.** The largest, early or second early sort, tender and sweet, brings a high price, sometimes sold as Early Evergreen.  $\frac{1}{2}$  pt. 9c., qt. 30c. By express, qt. 12c., peck 75c.

**Country Gentleman.** Large, late and extremely sweet, deep, long pointed kernels set in irregularly.  $\frac{1}{2}$  pt. 10c., qt. 30c. Qt. by express 15c., peck 85c.

**Stowell's Evergreen.** The Standard large late sort, an excellent one in every respect.  $\frac{1}{2}$  pt. 9c., qt. 25c. By express, qt. 12c., peck 60c., bushel \$2.00.

## NOVELTIES! GOOD NEW VEGETABLES

Compare These Prices with Others. You will Save Money Buying All Your Seed of Us. Ask Your Neighbors to Send Their Orders.

These come highly recommended and having proved good the past seasons we offer them on trial to our customers at about actual cost of seeds, to enable all to give them a fair trial. In our regular list you will find many things which we have tried long enough to know they are good yet they will be listed by many and sold at a high price with a glowing description and deceptive cuts. Many of the Novelties have not done well enough yet to warrant our listing them. It isn't because we are behind the times on Novelties, but because we don't think the Novelty up to the times.

**Pink Plume Celery.** This is almost identical with White Plume, except that the stalks are suffused with pink which not only adds to the appearance but gives it the especial rich flavor for which pink celery is noted. Packet, 4c.; ½ oz. 10c.; oz. 18c.; ¼ lb. 45c.

**Rose Ribbed Paris Self-Blanching Celery.** This is almost the same as the Golden Self-Blanching, possessing all the good qualities of that superb sort, its rich golden yellow color and fine quality and adds to a beautiful rose tint in its stalks as they advance in age. Pkt. 6c.; 2 pkts. 10c.; ¼ oz. 14c.; oz. 25c.

**Iceburg Lettuce.** Large, curly leaves and solid heads of a light green color, very hard and solid, always crisp and tender; one of the handsomest and best. Pkt. 4c.; ½ oz. 7c.; oz. 12c.; ¼ lb. 28c.

**Melrose Muskmelon.** This is still listed as a novelty although it has been out 3 or 4 years, a very prolific, ribbed, densely netted sort of superb quality, grows close to hill, flesh thick and solid of a green shading to salmon. Pkt. 3c.; oz. 7c.; ¼ lb. 15c.; lb. 45c.

**Large White Cory Corn.** The ears are 12 rowed and the ordinary Cory, cobs well filled with large luscious kernels, beautiful appearance, as early as the earliest and large as the later, a valuable sort for market gardeners. Pkt. 5c.; ½ pt. 15c.; qt. 40c.

**White Crooked Neck Squash.** This resembles the yellow Summer Crook Neck, but is a trifle larger with a beautiful ivory white skin and extremely fine flavor. Pkt. 4c.; oz. 9c.; ¼ lb. 25c.

**Chicago Warty Hubbard Squash.** Really an improved Hubbard squash covered with hard warts, an extra keeper and rich in quality. Pkt. 4c.; oz. 9c.; ¼ lb. 22c.; lb. 65c.

## Vine Peach.

The fruit is about the size of a large peach, oval shaped, and of a bright orange yellow color, somewhat russeted. When it first ripens it is quite hard and has but little flavor, but soon they become mellow and sweet and have a rich flavor. When ripe the fruit falls from the vine, the flesh is very firm with a cavity in the centre, and when peeled and the seeds taken out they much resemble peaches. For sweet pickles, pies or preserves they are superb. Where fruit is scarce, we feel certain that they will quickly become popular, as they are easily cultivated, wonderfully prolific and can be used in every way in which you would use a peach, except that they are not usually liked raw, although some consider them excellent simply sliced with a little sugar on. Market gardeners are already having considerable call for them from their customers. The vine on which they are borne is somewhat similar to the muskmelon vine, and requires the same cultivation. Pkt. 6c., ½ oz. 15c., oz. 25c.

## CHOICE FLOWER SEEDS.

We grow probably a larger per cent of our own Flower Seed than any other seed firm in America. This enables us to know what we sell, and also to have a better quality at a lower price than we could if we were obliged to import European seeds of doubtful quality and age. Every year we drop out many sorts which we think it not worth while for our patrons to buy, as they are similar but inferior to many others. We aim to have the best, and our mixtures contain all the choice sorts without the expense of buying each color separate. When seeds are small the packages usually contain from 500 to 1,000 seeds each, except some rare and expensive sorts. On many of these we give the average number of seeds in a packet. We warrant them to grow to the extent that we will replace free any which fail through any fault of the seeds. With fine greenhouse seeds failure is the most common.

The numbers preceding the variety are to order by, and thus save writing the entire name. Thus should you order No. 55, we would send a packet of Harlequin Asters. The figure carried out to the right is the price it costs for a packet of seeds, thus the 7 means that a packet of seeds costs 7 cents.

## GRAND ASTERS.

THESE are the most magnificent plants which bloom in autumn. Fine collections of Asters are very rare. Almost everybody has a few common sorts, but would be surprised to see the hundreds of beautiful double kinds now known. A few packages of these should be included in every order. About 100 seeds in a package.

## PHLOX DRUMMONDII.

One of the most showy and indispensable of garden annuals. Seed sown in Spring bloom in June and continue to grow and present one solid mass of bloom till after the first frosts. Each plant covers from 1 to 2 feet of space and produces thousands of blossoms. Our cut shows a few of the many sorts in Bell's Show Mixture. In Phlox you find almost every color and combination of colors.

- 564 Bell's Show Mixed Phlox. A rare collection of choice sorts in finest mixture. We have a fine lot of this seed of our own growing, packet of about 150 seeds, 4c. 3 pkts. 10c., 1/2 oz. 20c.
- 549 Cuspidate, Star of Quedlinburgh. This unique variety is the most striking novelty in Phlox ever introduced, it is an oddity of rare and indescribable beauty. The constant wonder of all who see it. The pointed central teeth of the petals are 5 or 6 times as long as the lateral ones and project beyond them like little spines 1/2 to 1 inches long, giving the flowers a distinctly marked, regular star-like form, the beauty of which is enhanced by the broad white margins bordering the edges of the petals. Finest mixture of all the brightest possible colors and rare combinations of colors in each blossom. 10
- 550 Scarlet. Very brilliant and dazzling. 5
- 551 Alba. Pure white. 5
- 563 Fimbriata, or Fringed. Closely related to the Cuspidate and often crosses with it. Petals sometimes toothed and sometimes fringed. 8
- 555 Dwarf Mammoth. Plants are dwarf in size, while the flowers are large and full. Colors run through every desirable shade known to the Phlox. 10
- 556 New Double White. Free flowering, blossoms large and double. Remains in bloom longer than single sorts. 10
- 557 Black Warrior. Color a very deep blood red, free bloomer. 6
- 558 Meteor. Fiery scarlet, intensely dazzling, one of the most brilliant, choice 6
- 559 Pale Yellow. Rather a novel color in Phloxes, plants symmetrical and a constant bloomer. 6
- 560 Stellata. Intense dazzling color, with a large white center which makes a strong contrast. It makes a most pleasing and brilliant mass of bloom till frost. 8

One package of each of the 11 varieties of Phlox, (Catalogue Price 78c.), 50c.

## STOCKS.

Very handsome and much prized plant, either for out-door or pot culture, produces a colored bloom, grows about one foot high and continues in bloom for a long time.

BELL'S SELECTED DWARF ZINNIAS.

## NOVELTIES OR NEW THINGS IN FLOWERS.

Some of these have been out several years, but we list them all together, as they will usually be catalogued as new. We omit many, and do not flatter the merits of some in this list.

- White Dwarf Cupid Sweet Pea, grows only a few inches high, covers a space of about one foot, blossoms large, pure white. Does not bloom so freely with us as the tall sweet peas. Pkt. 4c.; oz. 15c.
- Pink Cupid Sweet Pea, grows similar to above, with blossoms almost identical to Blanche Ferry. Said to be a free and constant bloomer. Pkt. 8c.
- Double Allegheny Hollyhocks. These giant flowered Hollyhocks, with their beautifully cut blossoms, are entirely distinct, very desirable and novel in form. Blossoms are gracefully arranged on stems; they remain in bloom a long time. Pkt. 10c.
- Giant Striped Pinks. Very large and beautifully striped. Pkt. 5c.
- Dwarf Von Moltke Aster. Forms a pretty little bushy plant about 6 inches high, loaded with blossoms of a white, passing into lavender blue. Pkt. 8c.
- Royal Scarlet Poppy. One of the brightest and prettiest grown. Pkt. 5c.
- Wonderful Chinese Lantern Plant. Blossoms first season from seed, and said to make a good pot plant in fall; called hardy. Pkt. 5c.
